

## **PENDER COMMUNITY TRANSITION (PCT)**

*\* a cooperative alliance for a brighter future \**

(website: [www.pendercommunitytransition.ca](http://www.pendercommunitytransition.ca))

### ***ENERGY GROUP MEETING***

**Thursday, September 29, 2011**

**(7:00 pm, Community Hall Lounge)**

**PRESENT:** Niall Parker, David Rippner, John Cowan, Keith Lacey, Ron Henshaw, Julie Johnston, Zorah Staar, Lillian Tetreau, Craig Greenhill, Nori Pope, Elizabeth Montague, Mary Reher, Andy Nowak

This was the second meeting organized by Pender Community Transition (PCT), for Penderites interested in **energy conservation** (e.g. learning to live well while using less energy), and **energy transition** (e.g. to low-carbon, resilient, perpetual energy sources, where we can). See [www.pendercommunitytransition.ca/energy-references-tips-and-skills](http://www.pendercommunitytransition.ca/energy-references-tips-and-skills) for more about the first Energy Group Meeting, and PCT's **Energy Action Day** and **Solar Water Heating Projects**.

Zorah Staar (PCT Coordinator) welcomed everyone, and said that this meeting was about sharing information, to our help ourselves, our community, and our world respond to energy challenges like peak oil, climate change, and other global financial and resource impacts.

People introduced themselves and described their energy-related interests, activities and projects.

The group also discussed PCT's Solar Water Heating Public Education & Bulk Buying Project, and planning for the upcoming November 12, 2011 Energy Action Day

Please contact [info@pendercommunitytransition.ca](mailto:info@pendercommunitytransition.ca) if you'd like to learn more and join our email list for Penderites interested in energy conservation and transition!
